EXPERIENCE MAKES
A DIFFERENCE.

For more than 15 years, JKP Sports has photographed USA Gymnastics meets, invitationals, State Championships, Regional Championships and major events across the country.

We understand the sport, the timing, the apparatus and the moments that matter most to athletes, parents and coaches.

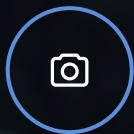

*Gymnastics is more
than a sport.
It's a story
worth remembering.*

A BETTER PHOTOGRAPHY EXPERIENCE

A gymnastics meet can produce thousands of incredible photographs. Finding the images that matter shouldn't be the hard part.

JKP Sports combines experienced gymnastics photographers with state of the art facial recognition technology to create a better experience for athletes, families and meet directors.

LESS SEARCHING. MORE TIME ENJOYING THE MEET.

FACIAL RECOGNITION CHANGES EVERYTHING

A large gymnastics meet can produce thousands upon thousands of photographs. Families shouldn't have to search through endless galleries trying to find their gymnast.

JKP Sports utilizes state of the art facial recognition technology to help athletes and parents quickly discover their images right from their phone.

- ✓ Sign up from your phone
- ✓ Add a photo of your athlete
- ✓ Facial recognition helps find matching images
- ✓ Get notified when new photographs are available

*The technology works behind the scenes.
The experience stays simple.*

WE PHOTOGRAPH EVERYONE

NOT JUST THE ATHLETES WHO
PURCHASED AHEAD OF TIME.

One of the things that has always made JKP Sports different is our approach to action photography.

Our goal is to photograph all athletes competing at the event.

Families don't have to purchase an expensive package ahead of time simply to make sure their gymnast has a chance to be photographed. We capture the competition first. Families can then see what was captured and choose the photographs they love.

**MORE ATHLETES.
MORE MOMENTS.
A BETTER EXPERIENCE.**

BEAUTIFUL PHOTOGRAPHY. LASTING MEMORIES.

AND WHEN THE MEET IS OVER...
